

Revision Tips for A/L Exam

Mix up your study habits

Combine your study habits and techniques by listening to podcasts, watching videos or documentaries, moving to new study area or even something as simple as using different colours for your study notes.

This is different to the other revision tips for A-Levels mentioned here as it prompts you to try a few different things to see what really fits you. Your brain will recall where you were or how you revised for a topic which will help you remember more information. Give it a go!
